

Ransom

(Intro)

He barks, she bites,
Together uptight,
No recourse for their actions and the law

Get on, get along,
with your bad nature
c'mon, be strong
and hold on...
was the nomenclature

So large, she writes,
the narrative plight
"Johnny, held captive for ransom"

Get bent, they sent
was a brave kind of answer
but off it went,
progress in decent
and so went the ransom

(Bridge #1 - riff 1)

(Bridge #2 - riff 2 and sections)

The ransom was a bust
so was the money and lust
but Peg and Jasper escaped the heat
Johnny was alive,
with a note under his eye, that said:
"Thanks for the memories"
